

Comprehensive Needs Assessment 2018 - 2019 School Report

**Hall County
Sardis Elementary School**

1. PLANNING AND PREPARATION

1.1 Identification of Team

The comprehensive needs assessment team consists of people who are responsible for working collaboratively throughout the needs assessment process. Ideal team members possess knowledge of programs, the capacity to plan and implement the needs assessment, and the ability to ensure stakeholder involvement. A required team member’s name may be duplicated when multiple roles are performed by the same person. Documentation of team member involvement must be maintained by the LEA. Watch the [Planning and Preparation webinar](#) for additional information and guidance.

Leadership Team

	Position/Role	Name
Team Member # 1	Principal	Neil Yarrington
Team Member # 2	Assistant Principal	Staci Wagner
Team Member # 3	Instructional Coach	Kim Nicholson
Team Member # 4	Kindergarten Teacher	Alison Burnette
Team Member # 5	1st Grade Teacher	Lea Joy
Team Member # 6	2nd Grade Teacher	Noah Kirk
Team Member # 7	3rd Grade Teacher	Vicki Dougherty

Additional Leadership Team

	Position/Role	Name
Team Member # 1	4th Grade Teacher	Colby Pendrey
Team Member # 2	5th Grade Teacher	Kristin Irvin
Team Member # 3	Search Teacher	Deanna Fawcett
Team Member # 4	Search Teacher	Kim Allen
Team Member # 5	SpED Leadersip	Ashley Etris
Team Member # 6	Computer Lab	Deborah Brookshire
Team Member # 7	Counselor	Monie Shope
Team Member # 8		
Team Member # 9		
Team Member # 10		

1. PLANNING AND PREPARATION

1.2 Identification of Stakeholders

Stakeholders are those individuals with valuable experiences and perspective who will provide the team with important input, feedback, and guidance. Required stakeholders must be engaged in the process to meet the requirements of participating federal programs. Documentation of stakeholder involvement must be maintained by the LEA. Watch the [Planning and Preparation webinar](#) for additional information and guidance.

Stakeholders

	Position/Role	Name
Stakeholder # 1	Governing Board	Tim Boyd
Stakeholder # 2	Governing Board	Leigh Wilson
Stakeholder # 3	Governing Board	Tina Black
Stakeholder # 4	Governing Board	Jay Kelley
Stakeholder # 5	Governing Board	Mary Dunagan
Stakeholder # 6	PTO	Kim Grant
Stakeholder # 7	PTO	Pam Wilson
Stakeholder # 8		

<p>How will the team ensure that stakeholders are able to provide meaningful feedback throughout the needs assessment process?</p>	<p>All stakeholders are surveyed often and have multiple opportunities to provide input. Some of these opportunities include, but are not limited to, monthly parent meetings, quarterly governing meetings, and monthly faculty meetings. The ongoing meetings with stakeholders involve the review of updated federal, state, and local data. The Consolidated Needs Assessment process involved teachers, administrators, paraprofessionals, counselor, business leaders, parents and other support staff. The team also reviewed perception data from stakeholders surveys, demographic data, and process data. The results of the data was used to determine areas of need to complete the consolidated needs assessment. All of our teachers were given access to complete the CNA. The leadership team met in June to discuss the CNA and School SIP. The completed CNA and SIP will be accessible to the LEA via the SLDS platform. The completed CNA and SIP will be accessible to all stakeholders via the school's website.</p>
---	--

2. DATA COLLECTION ANALYSIS

2.1 Coherent Instructional System

Analyze the LEA’s data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of instructional needs. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the [Coherent Instructional System webinar](#) for additional information and guidance.

Coherent Instruction Data

Curriculum Standard 1 - Uses systematic, collaborative planning processes so that teachers share an understanding of expectations for standards, curriculum, assessment, and instruction		
1. Exemplary	A systematic, collaborative process is used proactively for curriculum planning.	
	Nearly all teachers or groups of teachers, support staff, and leaders within the school have common expectations for standards, curriculum, assessment, and instruction.	
2. Operational	A systematic, collaborative process is used regularly for curriculum planning.	✓
	Most teachers or groups of teachers within the school have common expectations for standards, curriculum, assessment, and instruction.	
3. Emerging	A collaborative process is used occasionally for curriculum planning.	
	Some teachers or groups of teachers within the school have common expectations for standards, curriculum, assessment, and instruction.	
4. Not Evident	A collaborative process is rarely, if ever, used for curriculum planning.	
	Few, if any, teachers or groups of teachers within the school have common expectations for standards, curriculum, assessment, and instruction.	

Curriculum Standard 2 - Designs curriculum documents and aligns resources with the intended rigor of the required standards		
1. Exemplary	Curriculum documents (e.g., lesson plans, unit plans, performance tasks, curriculum maps, scope, and sequence documents, guides) that are aligned with the intended rigor of the required standards are the products of a systematic, collaborative process.	
	These curriculum documents and resources are used and continuously revised by teachers and support staff to ensure an alignment with the intended, taught, and tested standards.	
2. Operational	Curriculum documents (e.g., lesson plans, unit plans, performance tasks, curriculum maps, scope and sequence documents, guides) have been designed, and resources are aligned with the intended rigor of the required standards.	✓
	These curriculum documents and resources guide the work of teachers and instructional support staff.	
3. Emerging	Curriculum documents and resources exist, but they are not complete in all content areas or grade levels or lack the intended rigor of the required standards	
4. Not Evident	Few, if any, curriculum documents and resources exist to support the implementation of the intended rigor of the required standards.	

Coherent Instruction Data

Instruction Standard 1 - Provides a supportive and well - /bmanaged environment conducive to learning		
1. Exemplary	A supportive and well-managed environment conducive to learning is evident throughout the school. Students consistently stay on-task and take responsibility for their own actions.	
2. Operational	A supportive and well-managed environment conducive to learning is evident in most classrooms.	✓
3. Emerging	A supportive and well-managed environment conducive to learning is evident in some classrooms.	
4. Not Evident	A supportive and well-managed environment conducive to learning is evident in few, if any, classrooms.	

Instruction Standard 2 - Creates an academically challenging learning environment		
1. Exemplary	Nearly all teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration). Students consistently work independently and in teams to solve real-world problems that require advanced effort, decision-making, and critical and creative thinking.	
2. Operational	Most teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration).	✓
3. Emerging	Some teachers create an academically challenging learning environment.	
4. Not Evident	Few, if any, teachers create an academically challenging learning environment.	

Instruction Standard 3 - Establishes and communicates clear learning targets and success criteria aligned to curriculum standards		
1. Exemplary	Nearly all teachers establish and communicate clear learning targets and success criteria aligned to the required curriculum standards. Learning targets are evident throughout the lesson and in student work. Articulation of the learning targets is consistent and pervasive among like content areas and grade levels	
2. Operational	Most teachers establish and communicate clear learning targets and success criteria aligned to the required curriculum standards. Learning targets are evident throughout the lesson and in student work.	✓
3. Emerging	Some teachers establish and communicate clear learning targets and success criteria aligned to the required curriculum standards.	
4. Not Evident	Few, if any teachers establish clear learning targets and success criteria aligned to the required curriculum standards.	

Coherent Instruction Data

Instruction Standard 4 - Uses research based instructional practices that positively impact student learning		
1. Exemplary	Nearly all teachers pervasively demonstrate a repertoire of highly effective, research-based instructional practices that positively impact student learning (e.g., providing feedback, cooperative learning, advance organizers, questioning techniques, similarities and differences, reinforcing effort, goal setting, summarizers, graphic representations, reciprocal teaching).	
2. Operational	Most teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning (e.g., providing feedback, cooperative learning, advance organizers, questioning techniques, similarities and differences, reinforcing effort, goal setting, summarizers, graphic representations, reciprocal teaching).	✓
3. Emerging	Some teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning.	
4. Not Evident	Few, if any, teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning.	

Instruction Standard 5 - Differentiates instruction to meet specific learning needs of students		
1. Exemplary	<p>Nearly all teachers differentiate instruction (e.g., using flexible grouping, making adjustments, providing choices based upon readiness levels, interests, or needs) to meet the specific learning needs of students.</p> <p>Nearly all teachers plan and implement multiple means of representation, engagement, action, and expression to meet the learning needs of students (UDL).</p> <p>Remediation, enrichment, and acceleration are pervasive practices.</p>	
2. Operational	<p>Most teachers differentiate instruction (e.g., using flexible grouping, making adjustments, providing choices based upon readiness levels, interests, or needs) to meet the specific learning needs of students.</p> <p>Most teachers plan and implement multiple means of representation, engagement, action, and expression to meet the learning needs of students (UDL).</p>	✓
3. Emerging	Some teachers differentiate instruction to meet the specific learning needs of students.	
4. Not Evident	Few, if any, teachers differentiate instruction to meet the specific learning needs of students.	

Coherent Instruction Data

Instruction Standard 6 - Uses appropriate, current technology to enhance learning		
1. Exemplary	The use by staff members and students of appropriate, current technology to enhance learning is an institutional practice (e.g., facilitate communication, collaboration, research, design, creativity, problem-solving).	
2. Operational	Most staff members and students use appropriate, current technology to enhance learning (e.g., facilitate communication, collaboration, research, design, creativity, problem-solving).	✓
4. Not Evident	Some staff members, students, or both use appropriate, current technology to enhance learning.	
4. Not Evident	Few, if any, teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning.	

Instruction Standard 7 - Provides feedback to students on their performance on the standards or learning targets		
1. Exemplary	Nearly all teachers use the language of the standards or learning targets to provide students with specific, timely, descriptive feedback on their performance. Nearly all teachers systematically elicit diagnostic information from individual students regarding their understanding of the standards or learning targets.	
2. Operational	Most teachers use the language of the standards or learning targets to provide students with specific, timely, descriptive feedback on their performance.	
3. Emerging	Some teachers use the language of the standards or learning targets to provide students with specific, descriptive feedback on their performance.	✓
4. Not Evident	Few, if any, teachers use the language of the standards or learning targets to provide students with feedback on their performance, or the feedback that is provided is not specific, timely, or understandable.	

Instruction Standard 8 - Establishes a learning environment that empowers students to actively monitor their own progress		
1. Exemplary	Nearly all students use tools (e.g., rubrics, checklists, exemplars) to actively monitor their own progress. Nearly all students develop a sense of personal responsibility and accountability by engaging in record keeping, self-monitoring, sharing, exhibiting, and self-reflection.	
2. Operational	Most students use tools (e.g., rubrics, checklists, exemplars) to actively monitor their own progress.	
3. Emerging	Some students use tools to actively monitor their own progress.	✓
4. Not Evident	Few, if any, students use tools to actively monitor their own progress.	

Coherent Instruction Data

Instruction Standard 9 - Provides timely, systematic, data-driven interventions		
1. Exemplary	Nearly all students are provided timely, systematic, data-driven interventions to support their learning needs. Interventions are designed to meet the needs of each student. The effectiveness of those interventions is consistently monitored and adjustments are made.	
2. Operational	Most students are provided timely, systematic, data-driven interventions to support their learning needs.	✓
3. Emerging	Some students are provided extra assistance or needed support in a timely manner.	
4. Not Evident	Few, if any, students are provided extra assistance or effective support in a timely manner.	

Assessment Standard 1 - Aligns assessments with the required curriculum standards		
1. Exemplary	Nearly all assessments are aligned with the required curriculum standards. Assessments are reviewed during the school year to ensure alignment.	✓
2. Operational	Most assessments are aligned with the required curriculum standards.	
3. Emerging	Some assessments are aligned with the required curriculum standards.	
4. Not Evident	Few, if any, assessments are aligned with the required curriculum standards.	

Assessment Standard 3 - Uses common assessments aligned with the required standards to monitor student progress, inform instruction, and improve teacher practices		
1. Exemplary	Teachers consistently use common assessments aligned with the required standards in nearly all content areas, grade levels, or both for diagnostic, summative, and formative purposes. The data from the common assessments are analyzed down to the item level, and the results are used to inform instruction and improve teacher practices.	
2. Operational	Teachers use common assessments aligned with the required standards in most content areas to monitor student progress, inform instruction, and improve teacher practices.	✓
3. Emerging	Teachers use some common assessments aligned with the required standards in a few content areas with a limited amount of data analysis to monitor student progress, inform instruction, or improve teacher practices.	
4. Not Evident	Teachers use few, if any, common assessments to monitor student progress, inform instruction, or improve teacher practices.	

Coherent Instruction Data

Assessment Standard 4 - Implements a process to collaboratively analyze assessment results to adjust instruction		
1. Exemplary	Teachers extensively use a systematic, collaborative process to analyze assessment results. Instruction is consistently adjusted based on the analysis of assessment results across all content areas, grade levels, or both.	
2. Operational	Teachers regularly use a collaborative process to analyze assessment results. Instruction is routinely adjusted based on the analysis of assessment results.	✓
3. Emerging	Teachers occasionally use a collaborative process to analyze assessment results. Instruction is sometimes adjusted based on the analysis of assessment results.	
4. Not Evident	A collaborative process to analyze assessment results does not exist. Instruction is rarely, if ever, adjusted based on the analysis of assessment results.	

Assessment Standard 5 - Implements grading practices that provide an accurate indication of student progress on the required standards		
1. Exemplary	The grading practices used by teachers across nearly all content areas, grade levels, or both, consistently provide an accurate indication of student progress on the required standards.	
2. Operational	The grading practices used by teachers in most content areas, grade levels, or both provide an accurate indication of student progress on the required standards.	✓
3. Emerging	The grading practices used by teachers in some content areas, grade levels, or both provide an accurate indication of student progress on the required standards.	
4. Not Evident	The grading practices used by teachers rarely, if ever, provide an accurate indication of student progress on the required standards.	

2. DATA COLLECTION ANALYSIS

2.2 Effective Leadership

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of leadership needs. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the [Effective Leadership webinar](#) for additional information and guidance.

Effective Leadership Data

Leadership Standard 1 - Builds and sustains relationships to foster the success of students and staff		
1. Exemplary	Administrators consistently build and sustain relationships to foster the success of students and staff. The school staff is fully engaged in relationship building through collaboration, internal and external communication, and building trust with staff, students, families, and community stakeholders.	✓
2. Operational	Administrators regularly build and sustain relationships to foster the success of students and staff.	
3. Emerging	Administrators sometimes build relationships to foster the success of students and staff.	
4. Not Evident	Administrators seldom, if ever, build relationships to foster the success of students and staff.	

Leadership Standard 2 - Initiates and manages change to improve staff performance and student learning		
1. Exemplary	Administrators, the school leadership team, and other teacher leaders initiate and sustain change to improve staff performance and student learning. Administrators, the school leadership team, and other teacher leaders create a sense of urgency for change and effectively communicate a common vision.	
2. Operational	Administrators and the school leadership team initiate and sustain change to improve staff performance and student learning. The principal provides an appropriate balance of pressure and support to manage the change process for desired results.	✓
3. Emerging	Administrators initiate change to improve staff performance and student learning but do not sustain the change, remove barriers, or both.	
4. Not Evident	Administrators initiate few, if any, changes that impact staff performance and student learning.	

Effective Leadership Data

Leadership Standard 3 - Uses systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices		
1. Exemplary	<p>The principal and other school leaders continually use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices.</p> <p>The principal and other school leaders have a comprehensive knowledge and understanding of the best practices for curriculum, assessment, instruction, and professional learning.</p>	
2. Operational	The principal and other school leaders often use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices.	✓
3. Emerging	The principal and other school leaders occasionally use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices.	
4. Not Evident	The principal and other school leaders rarely, if ever, use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices.	

Leadership Standard 4 - Uses processes to systematically analyze data to improve student achievement		
1. Exemplary	Extensive, comprehensive processes, including root cause analysis, are used consistently to analyze data (e.g., multiple sources of data: classroom, grade level, departmental, and subgroup, perception data) to improve student achievement.	
2. Operational	Numerous processes are used frequently to analyze data (e.g., multiple sources of data: classroom, grade level, departmental, and subgroup, perception data) to improve student achievement.	✓
3. Emerging	Some processes are in place and used occasionally to analyze data to improve student achievement.	
4. Not Evident	Few, if any, processes are in place to analyze data to improve student achievement.	

Leadership Standard 5 - Builds leadership capacity through shared decision-making and problem-solving		
1. Exemplary	<p>Extensive structures exist for staff to engage in shared decision-making and problem-solving and to build their leadership capacities.</p> <p>Administrators collaborate consistently with staff members to gather input.</p>	✓
2. Operational	Numerous structures exist for staff to engage in shared decision-making and problem-solving and to build their leadership capacities.	
3. Emerging	Some structures exist for staff to engage in shared decision-making, problem-solving, or both.	
4. Not Evident	Few, if any, structures exist for staff to engage in shared decision-making or problem-solving.	

Effective Leadership Data

Leadership Standard 6 - Establishes and supports a data-driven school leadership team that is focused on student learning		
1. Exemplary	<p>A highly effective, proactive, and data-driven school leadership team is focused on student learning.</p> <p>The leadership team addresses nearly all areas of student and staff learning and school leadership, including the development, implementation, and regular monitoring of the school improvement plan.</p>	
2. Operational	<p>A data-driven school leadership team is established with stakeholder representation (e.g., core and non-core teachers, certified support staff) and is focused on student learning.</p> <p>The school leadership team meets regularly and uses norms and protocols to work effectively and efficiently.</p>	✓
3. Emerging	<p>The school leadership team is established and has some stakeholder representation but is focused chiefly on school operations rather than student learning.</p>	
4. Not Evident	<p>A school leadership team does not exist or does not have adequate stakeholder representation.</p>	

Leadership Standard 7 - Monitors and evaluates the performance of teachers and other staff using multiple data sources		
1. Exemplary	<p>Monitoring the performance of teachers and other staff through observations, surveys, data, and documentation is consistent and comprehensive, resulting in highly accurate performance evaluations.</p> <p>A comprehensive system is in place to provide teachers and staff with ongoing, accurate, timely, detailed, descriptive feedback related to their performance.</p> <p>Administrators use the evaluation process to identify role models, teacher leaders, or both.</p>	
2. Operational	<p>Monitoring the performance of teachers and other staff regularly occurs using data or documentation, generally resulting in accurate performance evaluations.</p> <p>Teachers and staff receive accurate, timely, descriptive feedback related to their performance.</p>	✓
3. Emerging	<p>Monitoring the performance of teachers and other staff is inconsistent, incomplete, or lacks data or documentation, sometimes resulting in inaccurate performance evaluations.</p> <p>Teachers and staff receive some descriptive feedback related to their performance.</p>	
4. Not Evident	<p>Monitoring the performance of teachers and other staff rarely occurs or often results in inaccurate performance evaluations.</p> <p>Teachers and staff receive little or no descriptive feedback related to their performance.</p>	

Effective Leadership Data

Leadership Standard 8 - Provides ongoing support to teachers and other staff		
1. Exemplary	A comprehensive support system that is timely and targeted to individual needs is provided to teachers and other staff.	✓
2. Operational	Most support provided to teachers and other staff is targeted to individual needs.	
3. Emerging	Some support provided to teachers and staff is targeted to individual needs.	
4. Not Evident	Support to teachers and staff does not exist or is not targeted to individual needs.	

Planning and Organization Standard 1 - Shares a common vision and mission that define the school culture and guide the continuous improvement process		
1. Exemplary	<p>A common vision and mission have been collaboratively developed and communicated to nearly all stakeholders.</p> <p>The culture of the school has been deeply defined over time by the vision and mission, which are updated as needed.</p> <p>The daily work and practices of staff consistently demonstrate a sustained commitment to continuous improvement.</p>	✓
2. Operational	<p>A common vision and mission have been developed through a collaborative process and communicated to most stakeholders.</p> <p>The vision and mission define the culture of the school and guide the continuous improvement process.</p>	
3. Emerging	A common vision and mission have been developed by some staff members but have not been effectively communicated so that they guide the continuous improvement process.	
4. Not Evident	A common vision and mission have not been developed or updated or have been developed by a few staff members.	

Effective Leadership Data

Planning and Organization Standard 2 - Uses a data-driven and consensus-oriented process to develop and implement a school improvement plan that is focused on student performance		
1. Exemplary	<p>A school improvement plan has been developed using a data-driven and consensus-oriented process with input from nearly all stakeholders.</p> <p>The plan includes appropriate goals and strategies with a strong focus on increasing student performance.</p> <p>This process and plan consistently guide the work of the school staff.</p>	
2. Operational	<p>A school improvement plan has been developed using a data-driven and consensus-oriented process with input from most plan stakeholders.</p> <p>The plan includes appropriate goals and strategies with a focus on increasing student performance.</p>	✓
3. Emerging	<p>A school improvement plan has been developed with input from some stakeholders.</p> <p>The school improvement plan is based on incomplete data analysis with limited focus on student performance.</p>	
4. Not Evident	<p>An up-to-date, data-driven school improvement plan focused on student performance is not in place.</p>	

Planning and Organization Standard 3 - Monitors implementation of the school improvement plan and makes adjustments as needed		
1. Exemplary	<p>The goals and strategies of the school improvement plan are continually monitored by administrators, the school leadership team, and teacher leaders to evaluate the impact on student performance.</p> <p>Ongoing adjustments are made based on various performance, process, and perception data.</p>	
2. Operational	<p>The goals and strategies of the school improvement plan are regularly monitored by administrators and the school leadership team to evaluate the impact on student performance.</p> <p>Adjustments are made to the plan, as needed, based on the analysis of data.</p>	✓
3. Emerging	<p>The goals and strategies of the school improvement plan are occasionally monitored by administrators.</p>	
4. Not Evident	<p>The goals and strategies of the school improvement plan are rarely, if ever, monitored.</p>	

Effective Leadership Data

Planning and Organization Standard 4 - Monitors the use of available resources to support continuous improvement		
1. Exemplary	<p>The use of available resources (e.g., personnel, time, facilities, equipment, materials) to support continuous improvement is consistently monitored.</p> <p>School schedules and processes are designed to make effective use of personnel, time, materials, and equipment.</p>	✓
2. Operational	The use of available resources (e.g., personnel, time, facilities, equipment, materials) to support continuous improvement is frequently monitored.	
3. Emerging	The use of available resources to support continuous improvement is inconsistently monitored.	
4. Not Evident	The use of available resources to support continuous improvement is rarely, if ever, monitored.	

Planning and Organization Standard 5 - Develops, communicates, and implements rules, policies, schedules, and procedures to maximize student learning and staff effectiveness		
1. Exemplary	<p>Rules, policies, schedules, and procedures are developed with stakeholder input, effectively communicated, and consistently implemented throughout the school to maximize student learning and staff effectiveness.</p> <p>These rules, policies, schedules, and procedures are consistently reviewed and revised as needed.</p>	✓
2. Operational	<p>Rules, policies, schedules, and procedures are developed, communicated, and implemented throughout the school to maximize student learning and staff effectiveness.</p> <p>These rules, policies, schedules, and procedures are periodically reviewed and systematically revised as needed.</p>	
3. Emerging	Rules, policies, schedules, and procedures are developed but are not effectively communicated or are implemented inconsistently across the school.	
4. Not Evident	<p>Rules, policies, or procedures are not developed, are poorly communicated, or are ineffectively implemented.</p> <p>In some cases, rules, policies, schedules, or procedures are out of date or have become barriers to student learning or staff effectiveness.</p>	

2. DATA COLLECTION ANALYSIS

2.3 Professional Capacity

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of professional capacity needs. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the [Professional Capacity webinar](#) for additional information and guidance.

Professional Capacity Data

Leadership Standard 5 - Builds leadership capacity through shared decision-making and problem-solving		
1. Exemplary	Extensive structures exist for staff to engage in shared decision-making and problem-solving and to build their leadership capacities. Administrators collaborate consistently with staff members to gather input.	
2. Operational	Numerous structures exist for staff to engage in shared decision-making and problem-solving and to build their leadership capacities.	✓
3. Emerging	Some structures exist for staff to engage in shared decision-making, problem-solving, or both.	
4. Not Evident	Few, if any, structures exist for staff to engage in shared decision-making or problem-solving.	

Professional Learning Standard 1 - Aligns professional learning with needs identified through analysis of a variety of data		
1. Exemplary	Professional learning needs are identified and differentiated through a collaborative analysis process using a variety of data (e.g., student achievement data, examination of student work, process data, teacher and leader effectiveness data, action research data, perception data from students, staff, and families). Ongoing support is provided through differentiated professional learning.	✓
2. Operational	Professional learning needs are identified through a collaborative analysis process using a variety of data (e.g., student achievement data, examination of student work, process data, teacher and leader effectiveness data, action research data, perception data from students, staff, and families).	
3. Emerging	Professional learning needs are identified using limited sources of data.	
4. Not Evident	Professional learning needs are identified using little or no data.	

Professional Capacity Data

Professional Learning Standard 2 - Establishes a culture of collaboration among administrators and staff to enhance individual and collective performance		
1. Exemplary	Administrators and staff, as a foundational practice, consistently collaborate to support leadership and personal accountability and to enhance individual and collective performance (e.g., construct knowledge, acquire skills, refine practice, provide feedback). Teachers conduct action research and assume ownership of professional learning processes.	
2. Operational	Administrators and staff routinely collaborate to improve individual and collective performance (e.g., construct knowledge, acquire skills, refine practice, provide feedback).	✓
3. Emerging	Administrators and staff sometimes collaborate to improve individual and collective performance.	
4. Not Evident	Administrators and staff rarely collaborate to improve individual and collective performance.	

Professional Learning Standard 3 - Defines expectations for implementing professional learning		
1. Exemplary	Administrators, teacher leaders, or both consistently define expectations for the implementation of professional learning, including details regarding the stages of implementation and how monitoring will occur as implementation progresses.	
2. Operational	Administrators, teacher leaders, or both regularly define expectations for the implementation of professional learning.	✓
3. Emerging	Administrators, teacher leaders, or both occasionally define expectations for the implementation of professional learning.	
4. Not Evident	Administrators, teacher leaders, or both rarely, if ever, define expectations for the implementation of professional learning.	

Professional Capacity Data

Professional Learning Standard 4 - Uses multiple professional learning designs to support the various learning needs of the staff		
1. Exemplary	<p>Staff members actively participate in job-embedded professional learning that engages collaborative teams in a variety of appropriate learning designs (e.g., collaborative lesson study, analysis of student work, problem solving sessions, curriculum development, coursework, action research, classroom observations, online networks).</p> <p>Professional learning includes extensive follow-up with descriptive feedback and coaching.</p>	
2. Operational	<p>Staff members actively participate in professional learning, most of which is job-embedded, which includes multiple designs (e.g., collaborative lesson study, analysis of student work, problem-solving sessions, curriculum development, coursework, action research, classroom observations, online networks) to support their various learning needs.</p> <p>Professional learning includes follow-up with feedback and coaching.</p>	
3. Emerging	<p>Some staff members are engaged in professional learning that makes use of more than one learning design to address their identified needs.</p>	✓
4. Not Evident	<p>Staff members receive single, stand-alone professional learning events that are informational and mostly large-group presentation designs.</p>	

Professional Learning Standard 5 - Allocates resources and establishes systems to support and sustain effective professional learning		
1. Exemplary	<p>Extensive resources (e.g., substitute teachers, materials, handouts, tools, stipends, facilitators, technology) and systems (e.g., conducive schedules, adequate collaborative time, model classrooms) are allocated to support and sustain effective professional learning.</p> <p>Opportunities to practice skills, receive follow-up, feedback, and coaching are provided to support the effectiveness of professional learning.</p>	
2. Operational	<p>Adequate resources (e.g., substitute teachers, materials, handouts, tools, stipends, facilitators, technology) and systems (e.g., conducive schedules, adequate collaborative time, model classrooms) are in place to support and sustain professional learning.</p>	✓
3. Emerging	<p>Some resources and systems are allocated to support and sustain professional learning.</p>	
4. Not Evident	<p>Few, if any, resources and systems are provided to support and sustain professional learning.</p>	

2. DATA COLLECTION ANALYSIS

2.4 Family and Community Engagement

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of needs related to family and community engagement. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the [Family and Community Engagement webinar](#) for additional information and guidance. Visit Georgia's Family Connection Partnership's [KIDS COUNT](#) for additional data.

Family and Community Engagement Data

Family and Community Engagement Standard 1 - Creates an environment that welcomes, encourages, and connects family and community members to the school		
1. Exemplary	The school has a well-established, inviting learning environment that welcomes, encourages, and connects family and community members to the school. Numerous opportunities are given to family members to become actively engaged in school-related events and improvement efforts as participants, event managers, and workers.	✓
2. Operational	The school has created an environment that welcomes, encourages, and connects family and community members to the school.	
3. Emerging	The school has made some progress toward creating an environment that welcomes, encourages, and connects family and community members to the school.	
4. Not Evident	The school has not created an environment that welcomes, encourages, or connects family and community members to the school.	

Family and Community Engagement Standard 2 - Establishes structures that promote clear and open communication between the school and stakeholders		
1. Exemplary	Extensive structures that promote clear and open communication between the school and stakeholders have been effectively established and implemented. Structures are continuously monitored for reliable and interactive communication.	✓
2. Operational	Most structures that promote clear and open communication between the school and stakeholders have been effectively established and implemented.	
3. Emerging	Some structures that promote clear and open communication between the school and stakeholders exist.	
4. Not Evident	Few, if any, structures that promote clear and open communication between the school and stakeholders exist.	

Family and Community Engagement Data

Family and Community Engagement Standard 3 - Establishes relationships and decision-making processes that build capacity for family and community engagement in the success of students		
1. Exemplary	<p>A wide variety of relationships and collaborative decision-making processes (e.g., business partnerships, school councils, parent or family organizations, academic and extra-curricular booster clubs, civic organizations, tutoring services, post-secondary partnerships) are pervasive in promoting student success and well being.</p> <p>Expectations for family and community engagement are embedded in the culture and result in stakeholders being actively involved in decision-making.</p>	
2. Operational	<p>Numerous relationships and decision-making processes (e.g., business partnerships, school councils, parent or family organizations, academic and extra-curricular booster clubs, civic organizations, tutoring services) effectively build capacity for family and community engagement in the success of students.</p>	✓
3. Emerging	<p>Limited relationships and decision-making processes have been initiated by the school to build capacity for family and community engagement.</p>	
4. Not Evident	<p>Relationships and decision-making processes for families and the community are non-existent, or those that do exist contribute minimally to student success.</p>	

Family and Community Engagement Standard 4 - Communicates academic expectations and current student achievement status to families		
1. Exemplary	<p>The school staff provides families with ongoing, detailed academic expectations and/or graduation status (e.g., four-year graduation plans, syllabi, academic advisement protocols).</p> <p>Extensive communication related to the current achievement level of individual students is provided (e.g., progress reports, student-led parent conferences, report cards, reading level reports, state test reports, school-based assessment reports, online reporting system).</p>	
2. Operational	<p>The school staff communicates academic expectations and/or graduation status (e.g., four-year graduation plans, syllabi, academic advisement protocols) throughout the year.</p> <p>Regular communication related to the current achievement level of individual students is provided (e.g., progress reports, parent conferences, report cards, reading level reports, state test reports, school-based assessment reports, online reporting system).</p>	✓
3. Emerging	<p>The school staff communicates some academic expectations at the start of the year.</p> <p>Some communication related to the current achievement level of individual students is provided.</p>	
4. Not Evident	<p>The school staff does little to inform families of academic expectations.</p> <p>Little, if any, communication related to the current achievement level of individual students is provided.</p>	

Family and Community Engagement Data

Family and Community Engagement Standard 5 - Develops the capacity of families to use support strategies at home that will enhance academic achievement		
1. Exemplary	The school continually develops the capacity (e.g., parent training, lunch and learn, make-it and take-it) of families to use support strategies at home that will enhance academic achievement.	
2. Operational	The school frequently develops the capacity (e.g., parent training, lunch and learn, make-it and take-it) of families to use support strategies at home that will enhance academic achievement.	✓
3. Emerging	The school occasionally develops the capacity of families to use support strategies at home that will enhance academic achievement.	
4. Not Evident	The school seldom, if ever, develops the capacity of families to use support strategies at home that will enhance academic achievement.	

Family and Community Engagement Standard 6 - Connects families with agencies and resources in the community to meet the needs of students		
1. Exemplary	The school has a systematic process in place to connect families with an array of agencies and resources (e.g., Y-Clubs, after-school programs, health and counseling services, community service agencies, civic organizations, tutoring services) to meet the needs of students.	✓
2. Operational	The school regularly connects families to agencies and resources in the community (e.g., Y-Clubs, after-school programs, health and counseling services, community service agencies, civic organizations, tutoring services) to meet the needs of students.	
3. Emerging	The school sometimes connects families to agencies and resources in the community to meet the needs of students.	
4. Not Evident	The school does little to connect families with agencies and resources in the community to meet the needs of students.	

2. DATA COLLECTION ANALYSIS

2.5 Supportive Learning Environment

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of needs related to a supportive learning environment. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). Student subgroups with a count of less than 15 are denoted by "TFS" (too few students). See the [Supportive Learning Environment webinar](#) for additional information and guidance.

Supportive Learning Environment Data

Instruction Standard 1 - Provides a supportive and well-managed environment conducive to learning		
1. Exemplary	A supportive and well-managed environment conducive to learning is evident throughout the school. Students consistently stay on-task and take responsibility for their own actions.	✓
2. Operational	A supportive and well-managed environment conducive to learning is evident in most classrooms.	
3. Emerging	A supportive and well-managed environment conducive to learning is evident in some classrooms.	
4. Not Evident	A supportive and well-managed environment conducive to learning is evident in few, if any, classrooms.	

Instruction Standard 2 - Creates an academically challenging learning environment		
1. Exemplary	Nearly all teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration). Students consistently work independently and in teams to solve real-world problems that require advanced effort, decision-making, and critical and creative thinking.	
2. Operational	Most teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration).	✓
3. Emerging	Some teachers create an academically challenging learning environment.	
4. Not Evident	Few, if any, teachers create an academically challenging learning environment.	

Instruction Standard 8 - Establishes a learning environment that empowers students to actively monitor their own progress		
1. Exemplary	Nearly all students use tools (e.g., rubrics, checklists, exemplars) to actively monitor their own progress. Nearly all students develop a sense of personal responsibility and accountability by engaging in record keeping, self-monitoring, sharing, exhibiting, and self-reflection.	
2. Operational	Most students use tools (e.g., rubrics, checklists, exemplars) to actively monitor their own progress.	
3. Emerging	Some students use tools to actively monitor their own progress.	✓
4. Not Evident	Few, if any, students use tools to actively monitor their own progress.	

Supportive Learning Environment Data

School Culture Standard 1 - Develops, communicates, and implements rules, practices, and procedures to maintain a safe, orderly learning environment		
1. Exemplary	<p>Rules, practices, and procedures that maintain a safe, orderly learning environment are proactively developed, communicated, and consistently implemented across the school.</p> <p>These rules, practices, and procedures are continually monitored and revised as needed.</p>	✓
2. Operational	Rules, practices, and procedures that maintain a safe, orderly learning environment are developed, communicated, and implemented.	
3. Emerging	Rules, practices, and procedures are developed and communicated but are ineffective or inconsistently implemented across the school.	
4. Not Evident	Rules, practices, and procedures that maintain a safe, orderly, learning environment are not developed nor updated or are poorly communicated.	
School Culture Standard 2 - Establishes a culture of trust and respect that promotes positive interactions and a sense of community		
1. Exemplary	<p>Extensive evidence (e.g., positive and respectful interactions, appreciation of diversity, tolerance, understanding) exists that a culture of trust and respect has been established.</p> <p>A pervasive commitment to promoting positive interactions and a sense of community is evident.</p>	✓
2. Operational	<p>Evidence (e.g., positive and respectful interactions, appreciation of diversity, tolerance, understanding) exists that a culture of trust and respect has been established.</p> <p>A sustained commitment to promoting positive interactions and a sense of community is evident.</p>	
3. Emerging	<p>Some evidence exists that a culture of trust and respect has been established.</p> <p>A limited commitment to promoting positive interactions and a sense of community is evident.</p>	
4. Not Evident	<p>Little or no evidence exists that a culture of trust and respect has been established.</p> <p>Unresolved conflicts interfere with a sense of community.</p>	

Supportive Learning Environment Data

School Culture Standard 3 - Establishes a culture that supports the college and career readiness of students		
1. Exemplary	Extensive evidence (e.g., advisement, career counseling, transition coaching, high expectations) exists that the beliefs and practices of the school support the college and career readiness of students. The school culture supports addressing individual achievement needs and strengths to prepare students for success.	
2. Operational	Evidence (e.g., advisement, career counseling, transition coaching, high expectations) exists that the beliefs and practices of the school support the college and career readiness of students.	✓
3. Emerging	Some evidence exists that the school supports the college and career readiness of students.	
4. Not Evident	Little or no evidence exists that the school supports the college and career readiness of students.	

School Culture Standard 4 - Supports the personal growth and development of students		
1. Exemplary	The school staff consistently provides a comprehensive system of support (e.g., counseling, mentoring, advisement, coaching, goal setting, time management, problem solving) to maximize the personal growth and development of nearly all students.	
2. Operational	The school staff regularly provides support (e.g., counseling, mentoring, advisement, coaching, goal setting, time management, problem solving) to enhance the personal growth and development of students.	✓
3. Emerging	The school staff sporadically supports the personal growth and development of students.	
4. Not Evident	The school staff does little to support the personal growth and development of students.	

School Culture Standard 5 - Recognizes and celebrates achievements and accomplishments of students and staff		
1. Exemplary	The school community consistently recognizes and celebrates the achievements and accomplishments of students and staff. The celebrations are publicized within the school and to the community and support the culture of the school.	✓
2. Operational	The school community regularly recognizes and celebrates the achievements and accomplishments of students and staff.	
3. Emerging	The school community periodically recognizes or celebrates the achievements or accomplishments of students and/or staff.	
4. Not Evident	The school community rarely, if ever, recognizes or celebrates the achievements or accomplishments of students or staff.	

Supportive Learning Environment Data

Planning and Organization Standard 1 - Shares a common vision and mission that define the school culture and guide the continuous improvement process		
1. Exemplary	<p>A common vision and mission have been collaboratively developed and communicated to nearly all stakeholders.</p> <p>The culture of the school has been deeply defined over time by the vision and mission, which are updated as needed.</p> <p>The daily work and practices of staff consistently demonstrate a sustained commitment to continuous improvement.</p>	
2. Operational	<p>A common vision and mission have been developed through a collaborative process and communicated to most stakeholders.</p> <p>The vision and mission define the culture of the school and guide the continuous improvement process.</p>	✓
3. Emerging	<p>A common vision and mission have been developed by some staff members but have not been effectively communicated so that they guide the continuous improvement process.</p>	
4. Not Evident	<p>A common vision and mission have not been developed or updated or have been developed by a few staff members.</p>	

2. DATA COLLECTION ANALYSIS

2.6 Data Analysis Questions

Analyze the LEA’s data and answer the guiding questions to determine existing trends and patterns that support the identification of demographic and financial needs. Student subgroups with a count of less than 15 are denoted by “TFS” (too few students).

<p>What perception data did you use?</p>	<p>Georgia Student Health Survey, Georgia Parent Survey, Hall County Parent Surveys, Principal and Assistant Principal LKES surveys, climate data from GaDOE, Parent/Stakeholder Perceptions from daily interactions with administrators/staff.</p>
<p>What does the perception data tell you?</p>	<p>For the past three years, Sardis Enrichment has had a Climate STAR rating of 4 out of 5. Teachers, parents, students and all stakeholders feel safe and respected at Sardis Elementary. Administrators and staff continually monitor stakeholder perception during daily interactions to assess the school climate and school needs. The school has implemented the "Bobcat 5" as a focus which enhances our school pride which is evident throughout the community.</p>
<p>What process data did you use?</p>	<p>Sardis Enrichment used various sources of process data which includes: PLC agendas with feedback, weekly/biweekly grade-level minutes, Leadership Meeting agendas, Management Teams agendas</p>
<p>What does your process data tell you?</p>	<p>The process data shows needs for improvement in the following areas: writing, academic vocabulary, math facts, and enrichment. The results of the process data will guide the development of the professional learning implemented for teachers and staff.</p>
<p>What achievement data did you use?</p>	<p>Sardis Enrichment analyzed achievement data that included Milestone EOG data, ACCESS scores, GKIDS, PPPA data, Lexile scores, 5th grade writing scores, DRA scores, Math Probes, CCRPI, and common assessment data.</p>
<p>What does your achievement data tell you?</p>	<p>The achievement data at Sardis Enrichment indicates that our school is making steady academic gains in all core areas. The achievement data shows a decline in beginning learners across all academic areas on the Milestone tests. There was an increase in distinguished learners in math, science and social studies on the Milestone EOG tests. In reading, there was a 5% increase of students scoring at grade level or above.</p>

<p>What demographic data did you use?</p>	<p>Sardis Enrichment considered various sources of demographic data including enrollment, attendance, race, gender, students with disabilities, English Learners, economically disadvantaged, homeless percentage, and free and reduced lunch percentage data.</p>
--	--

<p>What does the demographic data tell you?</p>	<p>Sardis Enrichment is a diverse school with a total enrollment of 623 students. Of the 623 students, 30% are in the special education and RTI population. Sardis is the special education site for our county. Sardis has 68% free and reduced lunch, 38% Hispanic, 21% Gifted, and 2% Homeless. The EL population for Sardis is 16%. The Sardis population is becoming more transient with over 800 students enrolling and withdrawing during the FY17 school year. According to school data, daily attendance was 94% and tardies were at 5% daily.</p>
--	---

3. NEEDS IDENTIFICATION AND ROOT CAUSE ANALYSIS

3.1 Strengths and Challenges Based on Trends and Patterns

Read the trends and patterns summaries from each section of the data analysis process. Use the information in these summaries to complete 3.2 and 3.3. Using the summaries in 3.1 and other local data, describe the strengths and challenges or answer the guiding questions for each program. Include strengths and challenges related to: a) general program implementation, and b) students and adults involved in or affected by the program. Focus on strengths and challenges that will assist in the identification of needs during 3.2. Watch the [Identifying Need webinar](#) for additional information and guidance.

Strengths and Challenges Based on Trends and Patterns

<p>Coherent Instructional: Summarize the coherent instructional system trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?</p>	<p>Effective instruction is delivered and supported through time given from instructional planning and utilization of county units. Assessments are systematically given though time often constrains the analyzation of such. Summative assessments are most heavily utilized and formative assessments are not as heavily utilized.</p>
<p>Effective Leadership: Summarize the effective leadership trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?</p>	<p>Overall, Sardis has a culture of strong relationships where students are at the forefront and teachers are given multiple opportunities for growth and leadership. Teachers are treated as professionals and lots of autonomy is given. Data, and its places in the driver's seat of the school improvement process, has failed to be a top priority. (Building relationships has been in that top slot.)</p>
<p>Professional Capacity: Summarize the professional capacity trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?</p>	<p>Areas of weakness have been clearly identified in the follow-up and feedback from professional learning. Though follow-through and implementation can be seen in observations and student work, a systematic process for "walking alongside teachers" as they learn is not in place. A positive is that Sardis now has a half-time instructional coach to strengthen professional capacity. The teacher retention rate is 92%. Sardis teachers are enrolled in the gifted, ESOL, and higher certification program as well as first time degree programs for paraprofessionals. Professional learning for our staff is highly individualized and routinely discussed in TKES conferences. Freedom is given for teachers to pursue areas of interest and weakness. They build their PLCs to meet their needs.</p>

Strengths and Challenges Based on Trends and Patterns

<p>Family and Community Engagement: Summarize the family and community engagement trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?</p>	<p>Engagement between school and community is an areas of strength for Sardis. This is evidenced by the number of families that attend our school though they live out of district lines (via Magnet, House Bill 251, or other means). We work very hard to ensure all families feel welcome and empowered as equal participants in their child's education. Processes are in place to promote social awareness in our students and offer opportunities for service learning. It is special to "be a bobcat" and this mantra is embedded in the culture of the school, staff, students, and families alike. With all this said, we are still looking for more ways for parents to be invested in their children's learning.</p>
---	---

<p>Supportive Learning Environment: Summarize the supportive learning environment trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?</p>	<p>Sardis is a safe, supportive learning environment where expectations are clearly defined for both students and adults. Relationships have been developed among staff as well as between staff-students and staff-parents. These relationships have led to an inviting atmosphere for our families as equal participants in their child's education. Students feel supported, respected, safe, and happy to be at school.</p>
---	---

<p>Demographic and Financial: Summarize the demographic and financial trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?</p>	<p>One of the greatest characteristics of Sardis is the diversity within our school walls. We have families in million dollar homes and others who are homeless. In percentages, we hold with the state average in students who are economically disadvantaged, but we exceed the state average in ELs, SpEd, and Gifted. Students get a real-world experience in tolerance, working with others, and appreciating the gifts of others. However, the diversity brings challenges such as the lack of academic vocabulary, transient students, and the increased need for differentiation to meet the academic needs of ALL (gifted students as well as those with disabilities).</p>
---	--

<p>Student Achievement: Summarize the student achievement trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?</p>	<p>Large disparities exist between the performance of ELs and EDs as compared to the general population. Additionally, weaknesses in writing skills have been acknowledged school-wide. A lack of foundational reading/writing skill as well as math fact knowledge has been reported through additional sources of data. GKIDS data indicates that increasing numbers of students enter school without necessary foundations, starting their school careers behind the proverbial 8-ball.</p>
---	--

IDEA – Special Education, Economically Disadvantaged Children, and English Learners.

Using the summaries in 3.1 and other local data, describe the strengths and challenges or answer the guiding questions for each program. Include strengths and challenges related to: a) general program implementation, and b) students and adults involved in or affected by the program. Focus on strengths and challenges that will assist in the identification of needs during 3.3. Watch the [Identifying Need webinar](#) for additional information and guidance.

Strengths	Sardis Enrichment is the special education site for the North end of our county. The Sardis staff leads the way in creating a culture of trust and acceptance with the sped. students and parents. The Sardis staff is passionate about reaching EL, economically disadvantaged, and sped students.
------------------	---

Challenges	The students are coming to school with less because of a lack of resources in the home. Due to the increase numbers of special education students, special education class size has increased without the addition of staff members.
-------------------	--

3. NEEDS IDENTIFICATION AND ROOT CAUSE ANALYSIS

3.2 Identification and Prioritization of Overarching Needs

Use the results of 3.1 to identify the overarching needs of the LEA. Determine the priority order of the identified needs based on data, team member and stakeholder knowledge, and answers to questions in the table below. Be sure to address the major program challenges identified in 3.1. Watch the [Identifying Need webinar](#) for additional information and guidance.

Overarching Need # 1

Overarching Need	Building Academic Language and Vocabulary Development
How severe is the need?	High
Is the need trending better or worse over time?	Worse
Can Root Causes be Identified?	Yes
Priority Order	1

Additional Considerations	
---------------------------	--

Overarching Need # 2

Overarching Need	Math Fact Fluency
How severe is the need?	High
Is the need trending better or worse over time?	Worse
Can Root Causes be Identified?	Yes
Priority Order	2

Additional Considerations	
---------------------------	--

Overarching Need # 3

Overarching Need	Improved Student Writing
How severe is the need?	High
Is the need trending better or worse over time?	Better
Can Root Causes be Identified?	Yes
Priority Order	3

Additional Considerations	
---------------------------	--

Overarching Need # 4

Overarching Need	Service Learning and Enrichment Opprotunities
How severe is the need?	High
Is the need trending better or worse over time?	No Change
Can Root Causes be Identified?	Yes
Priority Order	4

Additional Considerations	
---------------------------	--

3. NEEDS IDENTIFICATION AND ROOT CAUSE ANALYSIS

3.3 Root Cause Analysis

Select the top 2-4 overarching needs from 3.2. Conduct a separate root cause analysis (RCA) for each need. Any RCA tools and resources can be used, but suggestions are available as part of the [Identifying Need webinar](#). After describing the RCA process, complete a table for each selected overarching need.

Overarching Need - Building Academic Language and Vocabulary Development

Root Cause # 1

Root Causes to be Addressed	Lack of Vocabulary
This is a root cause and not a contributing cause or symptom	Yes
This is something we can affect	Yes
Impacted Programs	IDEA - Special Education Title I - Part A - Improving Academic Achievement of Disadvantaged Title II, Part A, Preparing, Training and Recruiting High-Quality Teachers, Principals and other School Leaders

Additional Responses	
----------------------	--

Root Cause # 2

Root Causes to be Addressed	Lack of schema/background knowledge
This is a root cause and not a contributing cause or symptom	Yes
This is something we can affect	Yes
Impacted Programs	IDEA - Special Education Title I - Part A - Improving Academic Achievement of Disadvantaged Title II, Part A, Preparing, Training and Recruiting High-Quality Teachers, Principals and other School Leaders

Additional Responses	
----------------------	--

Root Cause # 3

Root Causes to be Addressed	Need for EL instructional strategies for all teachers
This is a root cause and not a contributing cause or symptom	Yes
This is something we can affect	Yes
Impacted Programs	IDEA - Special Education Title I - Part A - Improving Academic Achievement of Disadvantaged Title II, Part A, Preparing, Training and Recruiting High-Quality Teachers, Principals and other School Leaders

Additional Responses	
----------------------	--

Overarching Need - Math Fact Fluency

Root Cause # 1

Root Causes to be Addressed	Lack of Fact Fluency
This is a root cause and not a contributing cause or symptom	Yes
This is something we can affect	Yes
Impacted Programs	IDEA - Special Education Title I - Part A - Improving Academic Achievement of Disadvantaged Title II, Part A, Preparing, Training and Recruiting High-Quality Teachers, Principals and other School Leaders

Additional Responses	
----------------------	--

Root Cause # 2

Root Causes to be Addressed	Lack of Basic Foundation
This is a root cause and not a contributing cause or symptom	Yes
This is something we can affect	Yes
Impacted Programs	IDEA - Special Education Title I - Part A - Improving Academic Achievement of Disadvantaged Title II, Part A, Preparing, Training and Recruiting High-Quality Teachers, Principals and other School Leaders

Additional Responses	
----------------------	--

Overarching Need - Improved Student Writing

Root Cause # 1

Root Causes to be Addressed	Lack of purpose for writing
This is a root cause and not a contributing cause or symptom	Yes
This is something we can affect	Yes
Impacted Programs	IDEA - Special Education Title I - Part A - Improving Academic Achievement of Disadvantaged Title II, Part A, Preparing, Training and Recruiting High-Quality Teachers, Principals and other School Leaders

Additional Responses	
----------------------	--

Root Cause # 2

Root Causes to be Addressed	Lack of scheduled time for writing (historically/ precious school years)
This is a root cause and not a contributing cause or symptom	Yes
This is something we can affect	Yes
Impacted Programs	IDEA - Special Education Title I - Part A - Improving Academic Achievement of Disadvantaged Title II, Part A, Preparing, Training and Recruiting High-Quality Teachers, Principals and other School Leaders

Additional Responses	
----------------------	--

Root Cause # 3

Root Causes to be Addressed	Lack of student-initiated writing
This is a root cause and not a contributing cause or symptom	Yes
This is something we can affect	Yes
Impacted Programs	IDEA - Special Education Title I - Part A - Improving Academic Achievement of Disadvantaged Title II, Part A, Preparing, Training and Recruiting High-Quality Teachers, Principals and other School Leaders

Additional Responses	
----------------------	--

Root Cause # 4

Root Causes to be Addressed	Lack of love for writing
This is a root cause and not a contributing cause or symptom	Yes
This is something we can affect	No
Impacted Programs	IDEA - Special Education Title I - Part A - Improving Academic Achievement of Disadvantaged Title II, Part A, Preparing, Training and Recruiting High-Quality Teachers, Principals and other School Leaders

Additional Responses	
----------------------	--

Overarching Need - Service Learning and Enrichment Opportunities

Root Cause # 1

Root Causes to be Addressed	Building character
This is a root cause and not a contributing cause or symptom	No
This is something we can affect	Yes
Impacted Programs	Title I - Part A - Improving Academic Achievement of Disadvantaged Title I, Part A - Parent and Family Engagement Program

Additional Responses	
----------------------	--

Root Cause # 2

Root Causes to be Addressed	Building rigor
This is a root cause and not a contributing cause or symptom	No
This is something we can affect	Yes
Impacted Programs	Title I, Part A - Parent and Family Engagement Program Title II, Part A, Preparing, Training and Recruiting High-Quality Teachers, Principals and other School Leaders

Additional Responses	
----------------------	--

School Improvement Plan 2018 - 2019

**Hall County
Sardis Elementary School**

SCHOOL IMPROVEMENT PLAN

1 General Improvement Plan Information

General Improvement Plan Information

District	Hall County
School Name	Sardis Elementary School
Team Lead	Neil Yarrington

Federal Funding Options to Be Employed (SWP Schools) in this Plan (Select all that apply)	
<input checked="" type="checkbox"/>	Traditional funding (all Federal funds budgeted separately)
<input type="checkbox"/>	Consolidated funds (state/local and federal funds consolidated) - Cohort systems ONLY
<input type="checkbox"/>	'FUND 400' - Consolidation of Federal funds only

Factors(s) Used by District to Identify Students in Poverty (Select all that apply)	
<input checked="" type="checkbox"/>	Free/Reduced meal application
<input type="checkbox"/>	Community Eligibility Program (CEP) - Direct Certification ONLY
<input checked="" type="checkbox"/>	Other (if selected, please describe below)

2. SCHOOL IMPROVEMENT GOALS

2.1 Creating Improvement Goals

Creating Improvement Goals

Effective goals assist districts and schools in attaining collective agreement about what work needs to occur for improvement to take place. Goals should focus and prioritize efforts and resources of the district/school to the previously identified needs and create a focus for improvement. Setting goals should be a strategic process which aligns the goals within one of the five systems: Coherent Instruction, Effective Leadership, Professional Capacity, Family and Community Engagement, or Supportive Learning Environment.

There are several categories of goals which may be used in school improvement but the one type which focuses on improving results and not just enhancing processes is a SMART goal. SMART is an acronym for:

Specific	Measurable	Attainable	Relevant	Time-Bound
-----------------	-------------------	-------------------	-----------------	-------------------

An example of a SMART goal is:

By the end of the school year 2017 - 2018, all teachers will have training and be included in a PLC for their content-specific area.

Enter the school's two to four overarching needs and related root causes, as identified in the Comprehensive Needs Assessment 2017 - 2018 School Report. Use the codes below to list the structures addressed through the goal within each system. For each system, identify one to six action steps that will be taken to address the root causes that have created the overarching need. Finally, identify any supplemental action steps necessary to ensure the necessary supports are in place for the listed subgroups.

Coherent Instructional

- CIS - 1 Planning for quality Instruction
- CIS - 2 Delivering Quality Instruction
- CIS - 3 Monitoring student progress
- CIS - 4 Refining the instructional system

Family and Community Engagement

- FCE-1 Welcoming all families and the community
- FCE-2 Communicating effectively with all families and the community
- FCE-3 Supporting student access
- FCE-4 Empowering families
- FCE-5 Sharing leadership with families and the community
- FCE-6 Collaborating with the community

Effective Leadership

- EL-1 Creating and maintaining a climate and culture conducive to learning
- EL-2 Cultivating and distributing leadership
- EL-3 Ensuring high quality instruction in all classroom
- EL-4 Managing the School and its resources
- EL-5 Driving improvement efforts

Supportive Learning Environment

- SLE-1 Maintaining order and safety
- SLE-2 Developing and monitoring a system of supports
- SLE-3 Ensuring a student learning community

Professional Capacity

- PC-1 Attracting staff
- PC-2 Developing staff
- PC-3 Retaining staff
- PC-4 Ensuring staff collaboration

2. SCHOOL IMPROVEMENT GOALS

2.2 Overarching Need # 1

Overarching Need

Overarching Need as identified in CNA Section 3.2	Building Academic Language and Vocabulary Development
Root Cause # 1	Lack of Vocabulary
Root Cause # 2	Lack of schema/background knowledge
Root Cause # 3	Need for EL instructional strategies for all teachers
Goal	For the 2018-2019 school year, Sardis teachers will participate in professional learning on research-based best practices for the acquisition of academic vocabulary and then implement those strategies.

Action Step # 1

Action Step	In-house and online professional learning provided in the area of academic vocabulary acquisition.
Funding Sources	Title I, Part A Title II, Part A
Subgroups	Economically Disadvantaged Foster Homeless English Learners Migrant Race / Ethnicity / Minority Student with Disabilities N/A
Systems	Professional Capacity
Method for Monitoring Implementation and Effectiveness	TKES observations and improvement in achievement data
Position/Role Responsible	Instructional Coach
Timeline for Implementation	Monthly

What partnerships with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	UNG and Pioneer RESA
---	----------------------

Action Step # 2

Action Step	Teachers will collaborate in co-grade level teams to implement strategies for increasing academic vocabulary acquisition.
Funding Sources	Title I, Part A Title II, Part A
Subgroups	Economically Disadvantaged Foster Homeless English Learners Migrant Race / Ethnicity / Minority Student with Disabilities N/A
Systems	Professional Capacity
Method for Monitoring Implementation and Effectiveness	Collaborative Planning Minutes
Position/Role Responsible	Instructional Coach
Timeline for Implementation	Monthly

What partnerships with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	UNG and Pioneer RESA
---	----------------------

Action Step # 3

Action Step	Instructional coach will be available to further support best practices for vocabulary instruction via modeling, coteaching, etc.
Funding Sources	Title I, Part A Title II, Part A
Subgroups	Economically Disadvantaged Foster Homeless English Learners Migrant Race / Ethnicity / Minority Student with Disabilities N/A
Systems	Professional Capacity
Method for Monitoring Implementation and Effectiveness	TKES observations
Position/Role Responsible	Administration

Action Step # 3

Timeline for Implementation	Weekly

What partnerships with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	UNG and Pioneer RESA
---	----------------------

2. SCHOOL IMPROVEMENT GOALS

2.3 Overarching Need # 2

Overarching Need

Overarching Need as identified in CNA Section 3.2	Math Fact Fluency
Root Cause # 1	Lack of Fact Fluency
Root Cause # 2	Lack of Basic Foundation
Goal	In the 2018-2019 school year, Sardis Enrichment School will place focused emphasis on math fact fluency, as measured by an increased percentage of students mastering grade-appropriate facts.

Action Step # 1

Action Step	Utilize revamped Math Counts & county fluency assessments in grades 1-5. Build fluency instruction into math workshop.
Funding Sources	Title I, Part A Title II, Part A
Subgroups	Economically Disadvantaged Foster Homeless English Learners Migrant Race / Ethnicity / Minority Student with Disabilities N/A
Systems	Coherent Instruction
Method for Monitoring Implementation and Effectiveness	Assessment Results
Position/Role Responsible	Administration
Timeline for Implementation	Weekly

What partnerships with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	UNG and Pioneer RESA
---	----------------------

Action Step # 2

Action Step	Continued implementation of FASTT Math computer program and utilize as a supplementary program in all grades.
Funding Sources	Title I, Part A Title II, Part A
Subgroups	Economically Disadvantaged Foster Homeless English Learners Migrant Race / Ethnicity / Minority Student with Disabilities N/A
Systems	Coherent Instruction
Method for Monitoring Implementation and Effectiveness	FASTT Math reports
Position/Role Responsible	BLAST Team; computer lab manager
Timeline for Implementation	Weekly

What partnerships with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	UNG and Pioneer RESA
---	----------------------

Action Step # 3

Action Step	Personnel and resources for Early Intervention in both Reading and Math (Interventionist & reduced class size teachers).
Funding Sources	Title I, Part A Title II, Part A
Subgroups	Economically Disadvantaged Foster Homeless English Learners Migrant Race / Ethnicity / Minority Student with Disabilities N/A
Systems	Coherent Instruction
Method for Monitoring Implementation and Effectiveness	Lesson Plans
Position/Role Responsible	Administration

Action Step # 3

Timeline for Implementation	Weekly
-----------------------------	--------

What partnerships with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	UNG and Pioneer RESA
---	----------------------

Action Step # 4

Action Step	Use technology for helping meet the needs of struggling learners
Funding Sources	Title I, Part A Title II, Part A
Subgroups	Economically Disadvantaged Foster Homeless English Learners Migrant Race / Ethnicity / Minority Student with Disabilities N/A
Systems	Coherent Instruction
Method for Monitoring Implementation and Effectiveness	Evaluation of student work
Position/Role Responsible	BLAST team and classroom teachers
Timeline for Implementation	Weekly

What partnerships with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	UNG and Pioneer RESA
---	----------------------

2. SCHOOL IMPROVEMENT GOALS

2.4 OverarchingNeed # 3

Overarching Need

Overarching Need as identified in CNA Section 3.2	Improved Student Writing
Root Cause # 1	Lack of student-initiated writing
Root Cause # 2	Lack of love for writing
Root Cause # 3	Lack of purpose for writing
Root Cause # 4	Lack of scheduled time for writing (historically/ precious school years)
Goal	In the 2018-2019 school year, Sardis teachers will participate in professional learning on research-based best practices for writing instruction & then implement those strategies.

Action Step # 1

Action Step	Instructional coach will meet with grade level PLCs to support collaborative planning around writing workshop.
Funding Sources	Title I, Part A Title II, Part A
Subgroups	Economically Disadvantaged Foster Homeless English Learners Migrant Race / Ethnicity / Minority Student with Disabilities N/A
Systems	Coherent Instruction
Method for Monitoring Implementation and Effectiveness	Collaborative Planning Minutes
Position/Role Responsible	Grade Level Leadership and Instructional Coach
Timeline for Implementation	Weekly

What partnerships with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	UNG and Pioneer RESA
---	----------------------

Action Step # 2

Action Step	Instructional coach will be available to further support writing instruction through modeling, coteaching, etc.
Funding Sources	Title I, Part A Title II, Part A
Subgroups	Economically Disadvantaged Foster Homeless English Learners Migrant Race / Ethnicity / Minority Student with Disabilities N/A
Systems	Coherent Instruction
Method for Monitoring Implementation and Effectiveness	Collaborative Planning Minutes
Position/Role Responsible	Grade Level Leadership and Instructional Coach
Timeline for Implementation	Weekly

What partnerships with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	UNG and Pioneer RESA
---	----------------------

Action Step # 3

Action Step	Teachers will collaborate in teams to implement writing strategies for improved writing instruction and look at student work.
Funding Sources	Title I, Part A Title II, Part A
Subgroups	Economically Disadvantaged Foster Homeless English Learners Migrant Race / Ethnicity / Minority Student with Disabilities N/A
Systems	Coherent Instruction
Method for Monitoring Implementation and Effectiveness	Collaborative Planning
Position/Role Responsible	Grade Level Leadership

Action Step # 3

Timeline for Implementation	Weekly
-----------------------------	--------

What partnerships with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	UNG and Pioneer RESA
---	----------------------

2. SCHOOL IMPROVEMENT GOALS

2.5 Overarching Need # 4

Overarching Need

Overarching Need as identified in CNA Section 3.2	Service Learning and Enrichment Opprotunities
Root Cause # 1	Building character
Root Cause # 2	Building rigor
Goal	In the 2018-2019 school year, Sardis will provide Type 1 enrichment activities and opportunity for service learning for 100% of our students, as well as additional opportunities for Types II and III.

Action Step # 1

Action Step	Establish, plan, and implement 8-week sessions of Enrichment Clusters twice a year, based on Student Interest Inventories.
Funding Sources	Title I, Part A Title II, Part A
Subgroups	Economically Disadvantaged Foster Homeless English Learners Migrant Race / Ethnicity / Minority Student with Disabilities N/A
Systems	Family and Community Engagement
Method for Monitoring Implementation and Effectiveness	Cluster Showcase
Position/Role Responsible	SEARCH teachers and Administration
Timeline for Implementation	Others : Fall and Spring

What partnerships with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	
---	--

Action Step # 2

Action Step	Allow students to pursue Type III intrinsically-driven service projects with school support
Funding Sources	Title I, Part A Title II, Part A
Subgroups	Economically Disadvantaged Foster Homeless English Learners Migrant Race / Ethnicity / Minority Student with Disabilities N/A
Systems	Family and Community Engagement
Method for Monitoring Implementation and Effectiveness	Observation
Position/Role Responsible	Administration and Counselor
Timeline for Implementation	Weekly

What partnerships with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	
---	--

Action Step # 3

Action Step	Provide enrichment time for students embedded throughout the year
Funding Sources	N/A
Subgroups	Economically Disadvantaged Foster Homeless English Learners Migrant Race / Ethnicity / Minority Student with Disabilities N/A
Systems	Family and Community Engagement
Method for Monitoring Implementation and Effectiveness	Schedule Monitoring
Position/Role Responsible	Administration
Timeline for Implementation	Weekly

SCHOOL IMPROVEMENT PLAN

3 Required Questions

Required Questions

<p>1 In developing this plan, briefly describe how the school sought advice from individuals (teachers, staff, other school leaders, paraprofessionals, specialized instructional support personnel, parents, community partners, and other stakeholders) was accomplished.</p>	<p>The Title I Schoolwide Improvement Plan and Comprehensive Needs Assessment is developed and reviewed annually through a collaborative effort by all stakeholders. The current year's plan is a living document. It evolves from the previous year's plan as stakeholders review data and adjust goals to further develop the ideas for continuous improvement.</p> <p>The work is critiqued and revised during School Leadership and Curriculum Team meetings, Governing Board meetings, Parent Nights, Title 1 Parental Engagement Input Meetings, etc. The plan is critiqued and adjusted to reflect areas for growth or needs identified by members of these groups to include teachers, business partner representatives, community representatives, the LEA, and parents.</p> <p>The completed CNA and SIP will be accessible to the LEA via the SLDS platform and accessible to all stakeholders via the school's website.</p>
--	---

<p>2 Describe how the school will ensure that low-income and minority children enrolled in the Title I school are not served at disproportionate rates by ineffective, out-of-field, or inexperienced teachers.</p>	<p>Instruction is provided by highly qualified teachers who meet the standards established by the State of Georgia. At this time, no certificate deficiencies exist. According to protocol, "highly qualified" status is verified each and every year. In order to both attract and keep "highly qualified" teachers, both the school and system level provides a mentoring program.</p> <p>At present, Sardis has all teachers, principals, and paraprofessionals participating in professional development that is tailored to each's own needs. This PL comes in the form of PLCs (Professional Learning Communities). Individuals participate in PLCs of their own choosing as a way to collaborate, discuss best practices, and study student work. A half time Instructional Coach is available to all staff for modelling best practices and assisting PLCs. The instructional coach will lead the local school professional learning as outlined in our SIP. Additional resources that are available to teachers include Hall County's Reading and Math coaches, Pioneer RESA, resources provided through local colleges, and System PL classes offered throughout the year (via Canvas and face-to-face classes). Technology provides schools with eLearning specialists who can provide ongoing technology support for best practices in the area of technology for enhancing student achievement and engagement. Hall County Schools' Special Education Department provides a special education coordinator to our school for support and training of special education teachers.</p>
--	--

3 Provide a general description of the Title I instructional program being implemented at this Title I School. Specifically define the subject areas to be addressed and the instructional strategies/methodologies to be employed to address the identified needs of the most academically at-risk students in the school. Please include services to be provided for students living in local institutions for neglected or delinquent children (if applicable).

Sardis Enrichment School has implemented Georgia Standards of Excellence (GSE)—the state of GA's curriculum (www.georgiastandards.org) to guide instruction. We are improving the effectiveness of our standards-based classrooms through scientifically-based research/reform strategies.

- Common units and common assessments all aligned to standards
- Common assessments to drive instruction
- Standards-based Tier 1 instruction using research-based best practices
- Flexible grouping within class and grade level for meeting needs of students
- Scheduling attempts to put in large chunks of uninterrupted time for instruction
- RTI, EIP, and Instructional Extension for students not achieving proficiency towards standards or with skill remediation needs
- Wilson FUNdations for phonics instruction in Kindergarten
- A Balanced Literacy Framework incorporating Reading & Writing workshops and reading within the content areas
- DRA and running records assessment to form flexible small groups and target skill instruction in reading
- Beginning implementation of Math Workshop
- Hands-on math instruction utilizing manipulatives, games, etc.
- Calendar Math, Singapore Math, and Georgia Frameworks to implement GSE math standards
- Technology Integration
- Differentiated instruction of product, process, and content
- Renzulli enrichment Model for all students--Enrichment Clusters based on Interest-driven learning as well as dedicated enrichment time allowing for advanced levels towards standards
- ESOL services for those students who qualify
- SEARCH/Gifted class via pull-out model in addition to 62% of teachers holding gifted endorsements in the general education classrooms
- Special Education teachers for working with all students with IEPs and who meet eligibility requirements
- Reduction of class size/lower student-to-teacher ratios, when possible
- Half-time Instructional coach/half-time Interventionist to further support both teachers (Instructional coach) and high need students (Interventionist)

**In following our school's philosophy regarding the necessity of cultivating strong relationships and the research to support lower class sizes, the largest portion of our Title funds are allocated to provide additional homeroom teachers.

Additionally, Sardis provides a number of services to students/families that address other needs, not solely academic ones. These include mentors, single parent support group, grandparent support group, classroom guidance, outside counselors, lunch bunches, "Backpack Love," ADVANCE, etc.

<p>4 If applicable, provide a description of how teachers, in consultation with parents, administrators, and pupil services personnel, will identify eligible children most in need of services in Title I targeted assistance schools/programs. Please include a description of how the school will develop and implement multiple (a minimum of 2) objective, academic-based performance criteria to rank students for service. Also include a description of the measurable scale (point system) that uses the objective criteria to rank all students.</p>	<p>Not Applicable- Sardis is a Title I Schoolwide School.</p>
--	---

<p>5 If applicable, describe how the school will support, coordinate, and integrate services with early childhood programs at the school level, including strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.</p>	<p>Sardis Enrichment School currently houses 2 classes of Bright from the Start dual-immersion preschool classes with a total of 44 preK students (most of whom attend Sardis the following year). In order to ensure a successful transition for these students and those from various other PreK programs, each spring Sardis hosts Kindergarten Registration. During this time, upcoming kindergarteners are screened using the PreK Assessment Test. Parents and students are provided the opportunity to tour the school and meet current kindergarten teachers. Sardis teachers have also developed a "Welcome to Kindergarten" pack that goes with each student who registers. This pack includes small books, crayons, welcome letters, and a summer calendar of educational activities that parents can do with their child. Then as the school year draws near, Sardis kindergarten teachers also offer a week of Transition Camp for any student wishing to attend as a transition aide. The administration of Sardis is always available to meet with any parents (PreK, prospective, current, or otherwise) upon request and will organize a tour of the school if requested. Sardis administration also allows new students to come spend time in the building over the summer in order to relieve anxiety and make them better acquainted with the building and its layout.</p> <p>In addition to assisting our upcoming students, we also put supports in place to ease the transition for our students from 5th grade to middle school each spring. Fifth grade students visit and spend time at the middle school one day each spring. At this time, students tour the building with current middle school-ers while teachers discuss pertinent transition-related information. During the 5th grade cookout, a team of middle school teachers will spend the day with our students—building relationships, answering questions, easing minds. Sardis's counselor has collaborated with a Chestatee Academy SOAR class in the development and presentation of a transitional PowerPoint for 5th graders. The students of the SOAR class deliver this presentation to our 5th graders as the earliest of precursors to their transition.</p>
--	---

<p>6 If applicable, describe how the school will implement strategies to facilitate effective transitions for students from middle grades to high school and from high school to postsecondary education including: Coordination with institutions of higher education, employers, and local partners; and Increased student access to early college, high school, or dual or concurrent enrollment opportunities or career counseling to identify student interest and skills.</p>	<p>Not Applicable.</p>
---	------------------------

<p>7 Describe how the school will support efforts to reduce the overuse of discipline practices that remove students from the classroom, specifically addressing the effects on all subgroups of students.</p>	<p>Sardis teachers and staff work tirelessly to develop relationship with students. Building and strengthening relationship is at the core of the work that we do. The school works to develop Bobcat Pride. All stakeholders identify themselves as bobcats and take great pride in that distinction. Our school follows a "Bobcat 5" which is referred back often, schoolwide. It focuses on 5 characteristics of strong character:</p> <ol style="list-style-type: none"> 1.) Being Safe 2.) Being Ready to Learn 3.) Being Responsible 4.) Being Caring 5.) Being Respectful to everyone and everything <p>Opportunities for students to develop as leaders are yet another emphasis that deters discipline problems. A group of 5th graders are chosen each year to serve as Principal Ambassadors. They are chosen based on their leadership—both academic and behavioral. These students look for ways to improve the school—to leave a legacy. They conduct school tours for any visitor/prospective Bobcats. They are the "face and voice" of their grade level. Each year our counselor also chooses Peer Helpers for tutoring and helping in kindergarten/PreK classes during the morning arrival time. These students must complete an application (with outside references) for consideration of this leadership role. Paw Patrol (hallway safety monitors) are yet another leadership avenue for Sardis students. This group rotates each 9-weeks in order to give more students the opportunity to participate. One final opportunity for student leadership exists in that many classes have "Book Buddies." These are when a lower grades class (K-2) pairs with an upper grades class (3-5) to share books. Students from the upper grades class are then paired with a student from the younger class. The students read together, giving the younger student an authentic audience for reading fluently aloud and the older student gets an opportunity to support and encourage the younger readers.</p> <p>Students set goals, know expectations, and have strong relationships with teachers and administration. They are still kids and have problems, but we work through them as a team (and using common sense) to teach through mistakes. As a result, discipline that involves removal from class is minimal.</p>
