

Sardis Enrichment School

Student Technology Contract

I agree to follow all of the rules for using the instructional computer network and my assigned student Chromebook in the Hall County Schools. I understand that:

- Computers at school are to be used for educational purposes only.
- The use of the computer network is a privilege, not a right, and I will use appropriate language and behavior when using the network.
- I will not alter the appearance of my chromebook (no stickers, etc.)
- I will take physical care of my device (no dropping, throwing, swinging, etc) and understand that I am financially responsible for any damages to the device.
- I will not give or share my password with anyone else; I will respect the files of others by refraining from using, altering, reading or deleting another student's work or accessing their account.
- I will practice internet safety and will not give out personal information about me or others (such as name, address, telephone number, student number, etc).
- I will only communicate respectfully and will not use Google Drive, email or Canvas inbox to communicate with anyone but the teacher without teacher permission.
- I understand the computer does not belong to me and will not download or change computer settings without permission from the teacher.
- I know that the use of the camera or audio/video on any device must only be utilized for educational purposes.
- I understand that anyone can read the messages I send and that my work on the computer is not private-it belongs to Hall County Schools. My teachers may monitor my online presence and communication at any time.
- I will let an adult know right away if I come across or see something inappropriate or if I see that someone else is not following the student technology contract.
- If I do not follow the rules, I will not be allowed to use the computer network and device for a period of time and may face additional school disciplinary action.
